

# Cleanfix RA565 IBC ride on machine

1. With 150AH battery ,can work 4 hours continuously

2. With compact size, double work effectiveness and more relaxed working environment than push hand type.

3. Operation handle using integrated control system, make the operation more simple.

4. Automatic brush loading/ unloading, also with car charger, more flexible and convenient.

5. Low noise design patterns even in the daytime, don't need worry about the cleaning noise in the sensitive areas.

Technical Data	
Recovery/Solution Tank Capacity	75L/65L
Productivity rate	2800 m <sup>2</sup> /h
Working width	560mm
Squeegee width	800mm
Vacuum Motor	24V/350W
Brush Motor	24V/500W
Drive Motor	24V/300W
Batteries	150AH
Run Time Per Charge	4-5 hours
Grade Level, Max	8%
Weight(without battery)	115kg
Volume(L*W*H)	1260*500*1050
